THE ALBANY CLUB OF TORONTO

The Albany Club is one of Canada's oldest private clubs and was founded in 1882 and named after the Duke of Albany, the Club has been on the same spot for more than 125 years. The Club's history is reflected in its building and archives. A founding member was Sir John A. Macdonald and has including each subsequent Conservative Prime Minister. You may bump into Prime Minister Stephen Harper if not in spirit. Various Prime Ministers are celebrated within the walls of the Club.

The Albany Club's Pierre-Michel Le Bouedec, House Manager has put together a sumptuous four course dinner to match the selected Pinot Noir from the IW&FS wine cellar. This is a joint event with members of the wine group within the Albany Club. The event can only accommodate a fixed number, so book early.
